

PROVISIONAL ANNOTATED AGENDA AND SCHEDULE

Time	Agenda Item	Presenter / Lead	Docs / Comments
Tuesday, 18 January 2022			
09:45	<i>MS Teams session will be opened. Participants can log in anytime between 09:45 and 10:00 CET, allowing for checking of video and audio connections.</i>		<i>MS Teams link will be sent to registered participants only.</i>
10:00	1. Opening of the Meeting		
	1.1. Welcome and announcements Short welcoming remarks and housekeeping information.	Secretariat	Online Meeting Protocol for NSG10
	1.2. Adoption of the Agenda Members will be requested to review and adopt the Provisional Agenda and Provisional Annotated Agenda and Schedule. Late items and topics to be discussed under item 9 (Any other business) may be suggested. Rules of Procedure for the ASCOBANS Advisory Committee apply to the North Sea Group.	Peter Evans	Doc.1.2a Provisional Agenda Doc.1.2b Provisional Annotated Agenda and Schedule
10:15	2. Implementation review: Bycatch		
	2.1. Implementation of existing regulations on bycatch of cetaceans (Action 2) The target of this Action is to ensure that existing regulations with respect to bycatch reduction measures are being effectively implemented and to collect data on their efficacy in reducing bycatch. Members of the NSG to report, as appropriate.	Members	
	2.2. Establishment of bycatch observation programmes (Action 3) The target of this Action is to further develop methods to observe and mitigate bycatch (including implementation monitoring) in small vessel fisheries. Members of the NSG to report, as appropriate.	Members	

Time	Agenda Item	Presenter / Lead	Docs / Comments
	<p>2.3. Regular evaluation of all fisheries with respect to extent of harbour porpoise bycatch (Action 4)</p> <p>The target of this Action is to estimate levels of bycatch of harbour porpoises in the North Sea at regular intervals to enable mitigation measures to be reviewed and if necessary modified. Members of the NSG to report, as appropriate.</p>	Members	
	Break 10-15 min		
11:30	<p>2.4. Review of current pingers, development of alternative pingers and gear modifications (Action 5)</p> <p>The target of this Action is more universal acceptance by all stakeholders (and hence better implementation) of mitigation measures to reduce harbour porpoise bycatch. Members of the NSG to report, as appropriate.</p>	Members	
	<p>2.5. Finalize a management procedure approach for determining maximum allowable bycatch limits in the region (Action 6)</p> <p>The target of this Action is to progress towards finalising a population dynamics modelling framework for evaluating the effect of bycatches (and other anthropogenic activities) on harbour porpoises in the North Sea that anthropogenic activities do not prevent agreed conservation goals being met. Members of the NSG to report, as appropriate.</p>	Members	
12:20	3. Implementation Review: Research		
	<p>3.5. Investigation of the effects of anthropogenic sounds on harbour porpoises (Action 11)</p> <p>The target of this Action is to obtain good quality data on the acoustic capabilities of harbour porpoises and relate this to 1) the acoustic properties of anthropogenic sounds (also see Action 12), and 2) the most relevant information on the effects of noise on porpoises. Members of the NSG to report, as appropriate.</p> <p>Presentation by Sonia Mendes (UK JNCC) on noise management in harbour porpoise MPAs.</p>	Members	

Time	Agenda Item	Presenter / Lead	Docs / Comments
	<p>3.1. Monitoring trends in distribution and abundance of harbour porpoises in the region (Action 7)</p> <p>The target of this Action is to provide regular information on the abundance and distribution of harbour porpoises in the region as input into the management procedure approach discussed under Action 6, to provide information relevant to evaluating mitigation measures including a comparison of the relative distribution of animals with anthropogenic activity. Members of the NSG to report, as appropriate.</p>	Members	
	Break 60 min.		
14:00	<p>3.1. Monitoring trends in distribution and abundance of harbour porpoises in the region (Action 7) (continued)</p>		
	<p>3.2. Review of the stock structure of harbour porpoises in the region (Action 8)</p> <p>The target of this Action is to provide information on the stock structure and movements of harbour porpoises in the region that can be used in the management procedure. Members of the NSG to report, as appropriate.</p>	Members	
	<p>3.3. Collection of incidental porpoise catch data through stranding networks (Action 9)</p> <p>The target of this Action is to provide qualitative information on bycatch occurrence and an assessment of minimum number of annually bycaught porpoises. Members of the NSG to report, as appropriate.</p>	Members	
	Break 10-15 min.		
15:30	<p>3.4. Investigation of the health, nutritional status and diet of harbour porpoises (Action 10)</p> <p>The target of this Action is to obtain good quality data on health parameters and the diet of porpoise populations in the area of application of the Conservation Plan. Members of the NSG to report, as appropriate.</p>	Members	Best Practice on Cetacean Post-mortem Investigation and Tissue Sampling
	<p>3.6. Collection and archiving of data on anthropogenic activities and development of a GIS (Action 12)</p>	Members	

Time	Agenda Item	Presenter / Lead	Docs / Comments
	<p>The target of this Action is to obtain data on relevant anthropogenic activities in the North Sea over time in a format suitable for incorporating into a GIS (along with data from Action 7). Members of the NSG to report, as appropriate.</p>		
	<p>5. Overall progress in the implementation of the Conservation Plan (Action 1) In the Conservation Plan, Action 1 refers to appointment of a Coordinator and a Steering Group. Since those are completed, the Meeting is invited to discuss the overall progress. The Coordinator of the North Sea Plan will give a presentation reflecting the progress under the North Sea Plan. Members will be invited to comment and fill any gaps in the relevant parts of the Progress Report. Specific comments should be sent directly to the Coordinator in writing within two weeks after the meeting.</p>	Peter Evans	<p>Draft Progress Report Conservation Plan for Harbour Porpoises in the North Sea</p>
	<p>5.1. Review of the proposed criteria for assessment of progress for the different actions At NSG9, a revision of the implementation table and criteria was discussed. A new version, aiming to incorporate all the suggestions, is included in the draft Progress Report circulated prior the meeting. Members will be invited to provide feedback and agree on these. The aim is to more robustly examine how we are all progressing on specific actions, so that we can better identify gaps or weaknesses that need addressing.</p>	Peter Evans	Draft Progress Report
17:00	Close of Day 1		

Time	Agenda Item	Presenter / Lead	Docs / Comments
Wednesday, 19 January 2022			
10:00	4. Other activities contributing to the conservation of the Harbour Porpoise in the North Sea		
	4.1. Review of abundance trends observed in Danish North Sea and Skagerrak	Signe Sveegaard	
	4.2. New surveys from Range States The Meeting will be invited to share any new projects and surveys not covered under agenda items 2 and 3.	All	
	4.3. Update from the Wadden Sea	tbc	
	6. Liaison with other organisations The Coordinator will give an update on the liaison with other relevant Working Groups and organisations.	Peter Evans	
Break 10-15 min.			
11:15	7. Planned review of the Conservation Plan It was always envisaged that the Conservation Plan would be reviewed periodically to adjust any actions to cater for the diverse changes that can occur, either in response to the results of the monitoring of the conservation plan actions themselves or to changing external factors. The meeting will therefore be invited to discuss a first review of the North Sea Plan, including timelines and the role of the Steering Group, and to share initial thoughts on whether particular Actions need to be revised / removed / added, whether priorities need to be changed, whether certain Actions should be reported every two years instead of annually, and whether division of areas between the ASCOBANS harbour porpoise action plans needs to be revised.	Members Peter Evans	Conservation Plan for Harbour Porpoises in the North Sea
Break 60 min.			
14:00	7. Planned review of the Conservation Plan (continued)		

Time	Agenda Item	Presenter / Lead	Docs / Comments
14:30	<p>8. Review of Recommendations from the North Sea Group</p> <p>Participants will be invited to review Recommendations from NSG9 and develop new ones from the current meeting, as needed.</p> <p>Since the next ASCOBANS Advisory Committee (AC) meeting will not take place until the last quarter of 2022, the Recommendations will be shared with the AC immediately for intersessional endorsement.</p>	Peter Evans	Recommendations from NSG9
Break 10-15 min.			
15:45	8. Review of Recommendations from the North Sea Group (continued)	Peter Evans	
	9. Any other business		
	<p>10. Next Meeting of the North Sea Group</p> <p>Members will be invited to discuss the timing of the next North Sea Group meeting. The Secretariat welcomes offers to host the next meeting of the North Sea Group.</p>	Jenny Renell	
17:00	11. Close of the Meeting
