

Bycatch mitigation for the Baltic Proper harbour porpoise

Until now

- ICES advice 2020
- Infringement against Sweden
- Baltfish JR 1 and 2
- Delegated act February 2022
- Military forces not allowing large-scale pinger use
- Baltfish discussions on real-time closures
- Baltfish draft JR on control measures
- EC Marine Action Plan

Going forward

- Continued discussions in Baltfish
 - Real-time closures and other measures for low-density areas
 - No discussions so far on areas of higher density
- The military issue
 - Trials on pingers in Finland
 - Trials on F-PODs in Sweden
- Infringement still active
